

Welcome to the Holiday Homes at Assens Strand

The owners association, for the 36 holiday homes at Assens Strand, wishes you a pleasant stay.

The holiday homes are privately owned. This means that each holiday home is individually equipped with household appliances, furniture, kitchen equipment, etc. All the holiday homes have floor heating, which is regulated via a thermostat posted on the wall. In the holiday homes there is a manual for the different equipment in the house, e.g. the whirl pool, the washing machine, the dish washer, the dryer, the oven, the microwave etc. All the holiday homes have a selection of both Danish and foreign TV channels. The garden furniture is in the sheds, located in front of the holiday home.

The owners association works together with the other users of Assens Næs. We work together with the Marina, the camp site, the sea sport centre and Restaurant Maagen. This means that both the guests and the owners of the holiday homes have access to a variety of different facilities in the area.

Luggage waggon

For transportation of your luggage from the parking area to the holiday home, there are 2 luggage waggons.

The beach

The sea and the beach are only a few meters away. The bathing jetty, outside the holiday homes, belongs to the owners association and can be used freely. Duvets, mattresses, pillows etc. belonging to the holiday homes, must not be brought to the beach.

Playground, Table tennis, table football and roofed barbecue area (item 2 at map)

Balls for table football and table tennis including bat can be borrowed at the "Marinakontor"

Volleyball, football, track bikes, court miniature golf and shopping

At the beach, in front of the camp site, there is a volley - and a football court, (item 3 at map). On the camp site, it is possible to make small grocery shopping, rent track bikes and for a fee it is possible to use the bouncing cushion.

Beware of the wind

At the coast the weather can change fast, from completely calm to very windy. Therefore, remember to close all windows when leaving the holiday home and place all garden furniture in the shed at departure.
